About Management HQ

Mission

Management HQ exists to serve associations that are determined to thrive.

Vision

Driven by the vision of a thriving, vibrant business community, Management HQ (MHQ) is a world-class management firm that helps clients succeed; connects professionals; drives economic development; and supports ethical, sustainable business growth. We aim to be an international leader in association management and leadership.

Values

1. To serve as a dynamic, client-driven, technologically savvy answer to the challenges of today's associations.
2. To grow thriving, efficient associations by adhering to the highest ethical principles and most trusted business standards.
3. To connect associations to their members by making member involvement easy, using innovative technology, creative expertise, and sound planning.
4. To develop, retain, and grow a diverse, motivated team that is highly invested in the success of our clients and their members.
5. To serve as a model business, promoting and supporting a culture of social responsibility and inclusiveness.

Clients

Management HQ's team has worked with a number of associations and related entities in the professional association community, including:

- The Better Business Bureau of Minnesota and North Dakota
- The Minnesota Association of Community Health Programs
- The Minnesota Commercial Association of REALTORS®
- The Commercial Real Estate Diversity Collaborative
- The Minnesota Commercial Real Estate Women
- The Powderhorn Park Neighborhood Association
- The Minnesota Electric Association
- East Africa Medical Assistance Foundation

People

Dara Rudick, CEO

As CEO of Management HQ, LLC, Rudick leads a world-class association management firm, complete with cutting-edge technology and a team of outstanding business professionals and partners whose creativity, expertise, and leadership drive unprecedented results to clients.

Rudick is a Certified Association Executive (CAE) with more than 15 years' proven success in serving associations that are determined to thrive. To date, she has engaged dozens of staff team members to serve 10,000+ members, implement the vision of 25 boards of directors, manage hundreds of volunteers, and deliver nearly one thousand stellar events.

Rudick has won recognition for the associations she has led as Top 100 Places to Work For by *Minnesota Business* magazine; has received numerous Awards of Excellence by the Midwest Society of Association Executives (MSAE) for leading-edge initiatives in the association industry; and was honored with One Heartland's "Heart of Hope" award for providing vision; dedication and leadership; and health, hope and happiness to children in need. Under her leadership, the Minnesota Commercial Association of Real Estate, was ranked a *Minneapolis / St. Paul Business Journal* Top 25 Trade Association. Read Rudick's Biography at www.management-hq.com/about/our-people/dara-rudick-biography/.

The Executive who will Serve the US Hwy 169 Corridor Coalition

Management HQ hand-selects a customized team to serve each client. Our CEO works with our clients for a set amount of time to facilitate a smooth transition and understand that client's culture. We then select an account executive who will be a strong fit to ensure that the US Hwy 169 Corridor Coalition thrives under that individual's guidance.

Testimonials

"The most important attribute Dara brought to the BBB was leadership. She quickly determined where policies and structure needed to be added and went to work. By providing her team consistent communication and strong direction in a positive way, the BBB was able to develop a new and successful retention program that increased our membership rates dramatically. Our BBB currently has the second highest retention rate in the country. Dara is truly an outstanding individual and her expertise left a great impact on our organization."

-Barb Grieman, Vice President, Better Business Bureau

"Dara is a miracle worker. She consistently under-promises and over-delivers. If you want big time ROI for your organization, then you'll want to work with Management HQ."

-Tom Mayer, President and CEO, Direct Benefits Inc.

"Rudick and her team ran a for-profit technology company, owned by the association that delivered 2/3 of our organization's revenue. They continually developed new products to serve and retain members, which resulted in double-digit organizational revenue growth, and consistent net income to the association year after year. She and her team drove results to our association."

-Mike Salmen, Partner, Transwestern
Former President, Minnesota Commercial Association of Real Estate

"Rudick and her team made it easy, enjoyable and rewarding for industry leaders to volunteer their time to serve the association. I personally enjoyed working with Dara, and appreciated her association expertise and her ability to attract the highest caliber team members to serve the association. She is a strategic, long-term thinker, and a respectful, results-driven leader."

-Sheila DeVine, President, Warnert Commercial Real Estate
Former President, MNCAR Exchange

"Rudick was able to put together a team to serve as the interim executive leadership for our association and successfully secure a permanent Executive Director. During an extremely challenging transition for the organization, Rudick and her team were able to put systems in place to recognize efficiencies, connect with volunteers, and even successfully oversee the sale of our office building. The work of Rudick and her team has helped to secure the future of PPNA, and allows us to serve and deliver great value to our constituents."

-Becky Timm, Executive Director, Powderhorn Park Neighborhood Association

Scope of Services

Management HQ will support the Hwy 169 Corridor Coalition in these key areas as outlined in the Request for Proposals, dedicating an average of 30 hours per month to the delivery of these services:

1. Communications and Technology Services, including, but not limited to:
