From: Lisa Freese

Regarding: 2014 Draft Budget

Included is the Draft 2014 US Highway 169 Corridor Coalition Budget. For information/reference purposes the following information has been included:

- Approved 2013 Budget.
- The October 2013 Budget vs. Actual from the October 2013 financial report.
- The draft 2014 Budget.

The following was used when preparing the Draft 2014 Budget:

The 2013 Projected year end balance anticipates the following:

- The Affiliate Members that have not paid for year will pay by the end of the year.
- That HDR Engineering, Inc. (HDR) services will be \$4,100 for the remainder of the year.
- There will be an additional \$100 for Website expenses.

Revenues:

- Assumes all current members remain in the Coalition and paying dues are based on the 2014 dues structure (approved in March 2013 for Affiliate Members and August 2013 for Governmental Units).
- For Projected New Revenue \$2000 was estimated.

Expenditures:

- The services to be provided by HDR was determined from the taking the two year contract amount and dividing that in half. In the updated contract, there is one outreach event included.
- In 2013 the Printing and Mailing category was budgeted for \$350. In the past typically these costs were absorbed by Scott County, it is anticipated more costs will be passed onto the Coalition with HDR providing services. In 2013 most of the money spent was for the purchase of paper.
- The Administrative Services expenditures category was combined with the Consultant category.
- Special Studies category \$20,000 was estimated.
- Under the Events category there is budget capacity for two to three additional outreach events. Per the HDR contract the fee is \$992.39 for additional events.
- The 2014 remaining expenditures were not changed from the Coalition's approved 2013 budget.
