1. Welcome/Introductions – Jon Ulrich, Chair, Scott County Commissioner
2. Adoption of the Agenda

  - Mankato's dues came in during August.
  - Dispersements were made to HDR and to MnDOT for the transitway study.
  - Balance of \$112,055.
  - Mayor Broeder motioned to approve the report, Councilmember Carlson seconded the motion, and it was approved.
5. 2016 Coalition Budget Discussion
  - HDR will research whether there should be approval of a one-year or two-year budget.
  - Mayor Broeder motioned to keep the dues the same for 2016, Commissioner Stuehrenberg seconded the motion, and it was approved.
  - No charges were anticipated for additional services for graphics, etc. Updating website is

under consideration. May need to revisit regarding potential trips for next year.

- There was discussion of updating the website to a modern website with social media. Closed-group coalition. The coalition is currently under budgeted to update website. It is an anticipated \$5,000 - \$7,000 cost. Commissioner Ulrich would like a social media presence that shows photos of Coalition events, meetings, construction projects, etc. HDR will make a proposal at the November meeting for a website.
- The Coalition has not touched one-pagers for five years. Those are due for an update. There was a desire to complete an assessment of IRC study—a before and after study. This would give material to integrate into the website. The update could show changes, successes, and what has worked. MnDOT corridor studies are quite old. Develop a technical memorandum that does an assessment of what has been accomplished. HDR will develop scope for a before and after look at the corridor.

- This will include a discussion of how to engage the Coalition.
- There will be more updates over the next three months.

- March 10, 2016: Legislative focus + transitway update
- September 8, 2016: Transitway study update
- HDR will research topics in addition to I-494, I-35W, and CTS through Greater Mankato Growth, and DEED.
- Another recommendation is to host the Scott County representative on Statewide Committee on Fiber.
- There was a suggestion to do a tour of the Amazon distribution center in late 2016.
