3. Adoption of April 17, 2014 Minutes

Commissioner Stuehrenberg makes a motion to approve the meeting minutes. Member Freese seconds the motion and it is approved.

4. Financial Report – April 2014

The financial report includes disbursements to HDR and Bufflehead Designs with balance of \$113,203.33. The only outstanding item is for Hennepin County. Mayor Broeder motions to approve the financial report. Councilman Carlson seconds the motion and it is approved.

5. Project Priority Discussion

- The goal of re-prioritizing projects is to develop focus in the efforts and outreach of the Coalition. Intend to modify list of priorities from 2012, while taking off priorities that are no longer at the very top and eliminate tiered system for a shorter list.
- Notes about particular projects include:
 - TH 14 Interchange: intend to remove from top priorities due to it being too far off and a long range project, unsure of outcome
 - The Inter-Regional Corridor study: monitoring opportunity
 - Needs participation from MnDOT
 - Suggest having a study done on both MnPASS and transitway on 169

- Consistent with adding lane to Bloomington Ferry bridge
 - Current policy is to add lane for MnPASS not take away a lane
 - On list, monitoring opportunity
- Flood proofing measures on TH 169 are underway and will be moved to successes and taken off priorities
- TH 169 managed lane will be added to study priorities
- Bloomington Ferry Bridge will maintain priority status
- TH 101 flood mitigation is underway and will be moved to successes and off priority list
- 41/CSAH 78 interchange is deemed essential and will maintain priority status
- 282/CR 9 involves community issues, is mid to long-term, deferring
- CSAH 3 Overpass is a local project at the county and city level
- LeSueur Hill Interchange includes some level of risk for interim project to get funded; there is a funding gap; would benefit commerce (Cambria); make R-cut a priority rather than interchange
- Valley View Road overpass reconstruction, MnDOT to re-evaluate needs
- Thoroughfare through St. Peter still long range
- Intend to gain information on whether there is a project that hasn't been mentioned
- 9-mile bridge replacement is a possibility; opportunity for transitway
- Next steps:
 - Intend to gain information on whether there is a project that hasn't been mentioned
 - Next fall before legislature starts
 - Narrow in on two items that are top priorities next fall before legislature starts and pick several days and talk to legislators
 - Commissioner Stuehrenberg to reach out to Legislator on Transportation Board in his area
 - Intend to discuss with Edina and Hennepin representatives to gain more information on specific projects.
 - Jim Gates to contact Edina Public Works about status of Valley View

6. Upcoming Meeting Agenda & Schedule Discussion
